Explosion Proof ATEX Zone 2 Cordless Battery Powered Drill/Impact Driver. Increased Intrinsically Safe

Explosion Safety	CE Ex II 3G ; Ex ec h ic IIC T4 Gc

All new developed by Atexxo, the world's first ATEX battery powered cordless impact driver, now suitable for use in hazardous locations. The explosion proof drivers are originally manufactured by Hikoki former Hitachi / Metabo than converted and certified according to the ATEX directives by Atexxo BV. This makes the cordless battery power impact drivers suited for safe use in gas /vapor Zone 2 hazardous locations/ ATEX Zone 2 is the European equivalent for US, NEC Class 1 Division 2 equipment. (C1D2).

Compliance with ATEX / EX regulations is achieved by modification of the battery and electronics together with the intrinsically safe electrical switching circuit, which makes the portable power tool suitable for safe use in hazardous locations. All features of the original product are preserved and can be used safely at hazardous locations.

The ATEX impact drill drivers can be ordered as a set with Body, Battery and Charge Station, and optional with additional spare batteries. Beside safe use as powerful EX impact driver , thanks to the ¼ inch hex quick release system, the versions are also excellent for ¼ " hex bit drills, bols or **Hex Bit Socket** wrenches.
