

PrestiVac™

MODEL EX1-55 W EXPLOSION PROOF DIVISION 1 VACUUM

- **SINGLE PHASE 120V**
- **100 % STAINLESS STEEL**
- **STATIC DISSIPATING ESD SAFE**
- **WET COLLECTION**
- **3 YEAR WARRANTY**

Explosion Proof/Dust Ignition Proof Electrically Operated Industrial Vacuums

PrestiVac explosion proof/dust ignition proof vacuums are specifically designed to safely vacuum explosive, flammable, combustible dusts. Our explosion proof/dust ignition proof vacuums are completely grounded and static dissipating because they are built entirely with non-sparking metals and do not have any painted components so there is no risk of fire or explosion from a spark or static build up. All the electrical components, including the motor and starter are totally enclosed so there is no source of ignition. Our explosion proof/dust ignition proof vacuums comply with NFPA 484 guidelines and are an effective tool for good housekeeping practise as per OSHA.

This unit meets all NFPA codes and requirements for:

**Class I, Division 1, Group D and Class II, Division 1, Groups E, F, and G Hazardous Locations as defined in the National Electric Code (NEC) and NFPA 70
EPL Db and EPL Gb (Equipment Protection Level)**

Industrial vacuum cleaners for contamination controlled environments & hazardous locations

PrestiVac™

Features:

- Single Phase Explosion Proof Motor
- Stainless steel construction makes it a solid unit that is easy to clean.
- Drain Valve Assembly
- Static dissipating ESD safe
- Complete with static dissipating suction hose and accessories
- Includes Explosion Proof Electrical Plug*
*Plug 15A for CLASS I, GROUPS B, C, D & CLASS II GROUPS F & G
*NOT INCLUDED FOR GROUP E.

Filtration System:

- Washable Conductive ESD safe filters

Specifications:

- 321 Peak Air Watts
- 72" H₂O Vacuum Pressure
- 145 CFM
- Wet Collection
- Collection Capacity 45 gallons
- 120v, 50/60Hz, 12A, 1300 Watts

Included Accessories:**(Static Dissipating & ESD Safe)**

- Suction hose assembly 1.5" x 10'
- Crevice tool
- Double Bend wand
- Floor Tool
